TV News Report With Dr. Scott's Expert Opinion about Dunwoody Apartment in Ruins After Explosion

September 15, 2021

As stated in WSB-TV, DUNWOODY, Ga. — Residents of the Arrive Perimeter Apartments are trying to figure out the next steps to put their lives back together after an explosion rocked the complex on Sunday.

Kyeema Johnson is one of the residents of the Arrive apartments trying to get her life back together.

On Monday night, she worked the exclusive, star-studded Met Gala in New York City. On Tuesday, after the bright lights dimmed and the yells of the paparazzi could no longer be heard, reality began to hit. She would return back to Georgia to see what's left of her apartment after Sunday's explosion.

“When an explosion occurs, you have a ‘near vicinity’ effect, and then it radiates outward to other structures and buildings,” said Dr. David Scott.

To find out more about it, please check the report [here](#).
